

Keeper's of the Flame International

Intercessory Prayer & Warfare Ministry

OCTOBER 2010

VOLUME 1, ISSUE 1

JOURNEY TO FESTUS, MISSOURI

Greetings in Jesus Name,
On June 24, 2010 the Lord brought my season at Bethel Fellowship Ministries to a close and sent me forth to Freedom Worship Center in Festus, Missouri. It was "supernatural" how it all came about. The Lord had been telling me He was getting ready to move me. I didn't want to hear that, never the less not my will but His will be done. Amen! As I was seeking the Lord on where He was sending me, The Lord was speaking to Pastor Clete Reed at Freedom Worship Center, in Festus Missouri and He told him to "Get Linda up here." He called Josh Derque who is a pastor & worship

leader there to call me and tell me what the Lord had told him. What they didn't know was, I was sitting in my chair at home waiting on the Lord at that very time to tell me where I was going. I told them I would pray. The Lord confirmed it clearly. So here I am. This newsletter is an update on what the Lord is doing. The Lord is moving and His presence is here. We are establishing the Prayer Ministry in this church. Head intercessor Pam Nixon will be coordinator for this ministry. We are teaching two classes on Mondays, one at 10:00 AM & 7:00 PM. on Intercessory Prayer and Warfare. Below are some pictures of the ladies

Keepers of the Flame
Founder & Director

that attend the intercessory class. The people here are being healed & set free. They are hungry for Him. I will keep you updated through this new monthly newsletter. Thank you all for your prayers and support.

*God Bless,
Linda Willoughby*

It is time we learn to pray and give ourselves to prayer as never before:

While traveling to churches in America and in other countries, Linda has worked with Intercessors in many churches. God has called her to teach and mentor intercessors in how to grow in prayer and join with them to cover their pastor, churches, cities and nations in prayer. Her passion for souls and the heart of God consumes her.

Will you Help Support Keeper's of the Flame?

Through your help Linda can continue training church Intercessory Prayer teams to be more effective in prayer and changing communities one church at a time for Christ. Pastors are encouraged, souls are won to Christ, families are restored, prayer teams are established, the needs of the local church are met and Jesus is glorified!

Please send your support to:

Pastoral Report... "Let Him Have Full Reign"

Pastors Clete and Cheryl Reed are so excited and honored to join with "Keepers of the Flame". As the Senior Pastors of Freedom Worship Center in Festus Missouri, I believe God is up to something very unprecedented. In the past few months we have experienced an outpouring of God's glory like I've never experienced before. There are several things I

believe have initiated this move of God. First, I believe people have become aware that God desires a people who have surrendered to His will and are determined to walk in obedience. Secondly, those who belong to God are putting away their idols and beginning to pray. Not just pray, but truly ask, seek, and knock. As the three-fold cord of Prayer,

Worship, and the Word are experienced, the power of darkness will be defeated. Our desire at Freedom Worship Center is to eliminate the boxes of religion the church has confined God to and let Him have full reign.

Worship Report... "Forget Not His Benefits!"

For many years now we have been instructed by leaders in our areas not to worship God for what He can do for you but what He has done, who He is etc... As a worship leader I wholly agree with this instruction but recently the Lord brought a familiar scripture to my

heart to study, the entire chapter of Psalms 103.

It starts out, "*Bless the Lord,*" I would interpret that as a voice of worship, and this is where we stop. As you read on it says, "*and forget not His benefits.*"

It exploded in my spirit all of the benefits of

our Lord. As I began to study I began to plug in my name where it says "*thy*" and the Word just came alive. I challenge you to read that chapter and see if Praise and Worship doesn't explode out of you when you, "*forget not His benefits!*"

Prayer Report... God is Answering Prayer

Linda has blessed us in multiple areas that we needed to establish in the office of Prayer. Her example of countless hours in prayer and study are just a few, she is imparting what the Lord has taught her. Linda is truly an answer to our prayers.

Since Linda arrived at Freedom Worship Center everyone has fallen in love with her and has been blessed by her passion to see God's Kingdom Work done. We now have intercessory teaching on Monday nights and are putting what we have learned into

action. It is a blessing to be associated with Keeper's of the Flame, and I thank the Lord for sending Linda here.

We in the Midnight Hour Intercessory Prayer Ministries are thankful for her help and love and appreciate K.O.F.
